

Hearts of Earth: The Manifest

A World of Unity, Connection, and Harmony

Our Purpose

We are living in a time of great transformation. Humanity has wandered far from its roots—disconnected from nature, from each other, and from the deep truth of belonging. Yet within this separation lies the invitation to return.

Hearts of Earth stands for this return—a remembering that we are not separate from the Earth, but part of her. That community, love, and sacred connection are not luxuries, but the foundation of life.

Living in Authentic Community

All life is interconnected. Community includes not only humans – but also water, soil, plants, and animals. We support environments where people live in authenticity, guided by mutual care, trust, and shared purpose. These communities become fertile ground for healing, creativity, growth, and regeneration.

Our Three Core Initiatives

I. Creating and Supporting Community-Building

We help establish self-sustaining communities where humans live in harmony with all life. We offer funding, mentorship, and support for self-governance, emphasizing local autonomy and ecological regeneration.

II. Global Network of Connection

We build bridges between people, traditions, and resources. The network offers tools in food, energy, medicine, bioconstruction and a lot more, supporting lifelong learning and hosting regional/global gatherings.

III. Reconnection Spaces

In cities, urban sanctuaries are being created—spaces held and cared for by local associations. At their heart, a sacred fire (Earth Heart) burns, symbolizing our connection to Earth. These places offer a place for healing, belonging, and shared ritual.

How We Work

We are not a business. We are a living movement, rooted in service, trust, and the sacred responsibility of caring for life.

- We bring funding and support to where it is needed most, with minimal bureaucracy and maximum impact.
- We uphold radical transparency. Every donation is used with care & purpose.
- Annual financial reports ensure accountability to our community and the Earth.

Beyond, our network provides hands-on support, shared tools and collaboration. We walk alongside projects, not ahead of them: building empowerment, not dependency.

Join the Movement

We are dreaming, building, and living a new way of being—where people walk in harmony with the Earth, communities bloom in connection, and each being is honoured in their truth.

Whether you are a visionary, a healer, a gardener, a donor, an artist, or simply someone longing for a deeper way—you are part of this.

You can join us by:

- Starting or supporting a local initiative
- Making a donation—large or small, every offering matters
- Volunteering your time, wisdom, or energy
- Hosting a gathering or sharing this vision with others
- Lighting your own Reconnection Space (we'd love to support you in that)

Every being who joins helps the vision grow stronger and reach further. This is your invitation—not just to help, but to belong and to co-create something truly magical.

Together, we are building the future. A future of unity, love, and deep connection.
